

Dear Members and Friends,

It's an exciting time to be part of the Gardens' future! With a focus on education and maintaining the beauty of the Gardens' botanical collection, our goal is to continue to grow as a vibrant organization. A contribution to our Annual Fund provides the most flexibility as we plan for the year ahead. Any level of donation is appreciated!

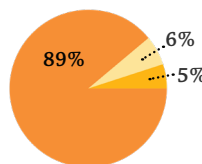

For those wishing to support the Gardens at \$500, \$750 or \$1000, we will add your name to a leaf that will be placed on a newly installed copper tree in the courtyard. The tree is a symbol of the Gardens commitment to stay rooted in the inspired vision of the Garden Club of North Carolina and the foundation of our mission - to inspire an appreciation of the Gardens' unique history, gardening, and nature. With your support we will continue to work towards preserving the Gardens' beauty and tranquility.

“

This was so beautiful. My husband and I were married in a certain spot 36 years ago and we just got a picture of the place we were married in Elizabethan Gardens. The whole experience was wonderful and it brought back beautiful wonderful memories.

– Donna

“

My husband and I discovered a visual coastal treasure chest while visiting beautiful Elizabethan Gardens during our recent vacation to the Outer Banks area! Elizabethan Gardens is A MUST SEE! The Gardens are filled with precious and unique 'gems'! I took seemingly a million photos! I'll forever remember this amazing visit!

– Brenda

“

A must see experience. So peaceful and quiet.

– Cindy & Dan

“

Lovely afternoon with the family and learning a little history as well. Beautiful scenery and sitting areas.

– Gladys

“

You must see these gardens... just beautifully planted and very well maintained!!

– Susan
